(2) An Order made under this section shall be laid before the Legislative Council at the first meeting of the Council next following the making of such Order and shall not have any force or effect until confirmed by resolution of the Legislative Council.

(Amended by Act 16 of 1985)

(4) Subject to the provisions of this section, no person shall divert, obstruct or impound water in any water-course in an area to which this section applies unless he has obtained a licence so to do from the Minister:

(5) Any person who contravenes any of the provisions of this section shall be guilty of an offence against this Act and shall be liable on summary conviction therefore to a fine not exceeding \$2,000 or to imprisonment for a term not exceeding one year or to both such fine and such imprisonment, and in the case of a continuing offence such person shall be liable to a further penalty not exceeding \$25 a day for each day during which the offence continues. *(Amended by Act 4 of 2003)*

Acquisition of land by the Authority

18. (1) With the approval of the Governor in Council the Authority may acquire land by agreement, whether by way of gift, purchase, lease or exchange, for the purpose of carrying out its functions under this Act.

(2) Where the Authority is unable to acquire by agreement and on reasonable terms any land which it considers it necessary to acquire for the purposes of this Act, the Authority shall report the fact to the Minister, and at the request of the Minister, the Governor in Council may, if he considers

it fit so to do, acquire such land compulsorily in accordance with the provisions of the Land Acquisition Act.

Acquisition of water rights

19. (1) The Authority may by agreement acquire rights to take water from any water-course or other source but no such agreement shall have effect until it has received the approval of the Governor in Council.

(2) The Governor in Council may on the application of the Authority by Order provide for the compulsory acquisition by the Authority of such rights to take water from any water-course as may be specified in the Order.

(3) Before making an Order under subsection (2) of this section the Governor in Council shall publish in the *Gazette* and in a newspaper circulating in Montserrat a notice—

and no Order shall be made until the Governor in Council has given due consideration to such objections as may be received within the period specified in the notice.

(4) All claims relating to the payment of compensation for the compulsory acquisition of water rights shall, unless they are settled by agreement (which may include provision of a reasonable supply of compensatory water) be determined by a Board of Assessment appointed in accordance with the provisions of the Land Acquisition Act, and such Board shall hold an enquiry in such manner as it thinks fit and such Board shall decide as to the amount of compensation to be paid.

(5) An appeal shall lie against the decision of the Board of Assessment to the Court of Appeal.

Vesting of property in the Authority

20. All water-courses and waterworks vested in and under the control of the Governor by virtue of the provisions of the Interim Water Supply Act, or otherwise, shall after the commencement of this Act be transferred to and vest in the Authority; and all other assets and all liabilities and obligations of the Governor under the Interim Water Supply Act, shall also

be transferred and accrue to and devolve upon the Authority under such conditions as the Governor in Council may determine:

Provided, however, that all water service charges accruing and owing to the Government of Montserrat at the date of commencement of this Act shall remain the property of the Government and be payable to the Accountant General.

Execution of works not involving acquisition of land

- (b) maintain and keep in use all pipes and fittings transferred from the control and management of the Governor to the Authority;
- (c) alter, replace, repair or remove any such pipes and fittings as mentioned in paragraphs (a) and (b) of this subsection at all times when in the opinion of the Authority the same may be necessary or desirable.

(2) All such pipes and fittings as are referred to in subsection (1) of this section shall be and remain the property of the Authority and shall not be deemed to accrue to or become part of the land by reason of being affixed to the land.

(3) Subject to the provisions of subsection (1) of this section the Authority may, for the purpose of installing, altering, replacing, repairing or removing any pipes and fittings of the waterworks, enter upon any land and may—

- (a) clear such land;

- (c) temporarily close or obstruct the entry into or use of such land; and
- (d) generally do all acts and things reasonably necessary for such purpose:

Provided that the Authority shall be liable to pay reasonable compensation for any damage or injury done thereby to any building or growing crops on such land; and any dispute as to the amount of such compensation shall be settled by an arbitrator appointed by the Governor.

(4) For the avoidance of doubt it is hereby declared that no change in the ownership or occupation of any land in, under or over which any pipes and fittings of the Authority are installed shall affect the rights of the Authority in respect thereof or oblige the Authority to issue any further notice in relation thereto pursuant to this section.

PART IV

WATER SUPPLIES

Duty of Authority with respect to water supplies

22. (1) It shall be the duty of the Authority—

- (a) to take from time to time such steps as may be necessary for ascertaining the sufficiency and wholesomeness of water supplies within Montserrat;
- (b) to provide a supply of wholesome water in pipes to all localities in which there are adequate distribution facilities, so, however, that this paragraph shall not be deemed to require the Authority to do anything which is not practicable at a reasonable cost to the Authority.

(2) Where it is proposed to extend the water supply system into new areas, the water distribution facilities in such areas shall be installed at the expense of the owner or developer of the land in such areas and according to specifications approved by the Authority; and upon completion of such installations to the satisfaction of the Authority such distribution facilities shall become the property of the Authority who shall maintain and keep them in good order.

(3) Notwithstanding the provisions of subsection (2) of this section the Authority may by agreement enter into a cost sharing arrangement with any person in respect of extensions of the water distribution system.

(4) Any extension of the water distribution system under the provisions of subsection (2) of this section shall be deemed to be a water

supply scheme for the purposes of subsection (2) of section 5 of this Act, and shall be subject to the approval of the Governor in Council.

(5) Any question arising under paragraph (b) of subsection (1) of this section as to whether anything is or is not practicable at reasonable cost to the Authority shall be submitted by the Authority to the Governor in Council for his decision.

Authority to have exclusive right to sell water for domestic consumption

23 (1) The Authority shall have the sole and exclusive right to sell water for domestic consumption in Montserrat.

(2) If any person whose premises are supplied with water by the Authority sells to any other person any such water he shall be guilty of an offence against this Act.

Authority may supply water by measure

24. (1) The Authority may, when it thinks fit, supply water by meter and shall at all times keep all such meters and other instruments for measuring water in proper order for correctly registering the supply of water. The Authority shall, for the purposes aforesaid, have access to and be at liberty at all reasonable times to enter premises for the purpose of removing, testing, inspecting, repairing or replacing such meter or other instrument.

(2) Any person who obstructs the Authority or any other person duly authorised by the Authority in the exercise of its functions under this section shall be guilty of an offence against this Act and shall be liable on summary conviction therefore to a fine not exceeding \$500. (*Amended by Act 4 of 2003*)

Meters etc. not to be subject to distress

25. The meters or other instruments and apparatus of the Authority shall not be subject to distress for rent of the premises where the same are used or for any other cause, not to be attached or taken in execution under the powers of any Court, or under any legal proceedings against or affecting the water consumer or the occupier of the premises or any other person in whose possession such meters or other instruments or apparatus may be.

Entry on premises generally

26. (1) The Authority or its agents or servants duly authorised in that behalf by the Authority may—

- (a) at any reasonable time between the hours of 8am and 6pm (or at other times with the consent of the occupier of the premises) enter any premises supplied with water by the Authority for the purpose of examining the pipes or other means by which such water is supplied to such premises or

any appliance or thing used on such premises in connection with such pipes or other means of supply, or for the purpose of locking off the supply of water to such premises or restoring the supply of water to such premises;
